

TIGER WOODS PGA TOUR[®] 08

PRECAUTIONS

This disc contains game software for the PSP® (PlayStation®Portable) system. Never use this disc on any other system, as it could damage it. Read the PSP® system Instruction Manual carefully to ensure correct usage. Do not leave the disc near heat sources or in direct sunlight or excessive moisture. Do not use cracked or deformed discs or discs that have been repaired with adhesives as this could lead to malfunction.

Push down one side of the disc as shown and gently pull upwards to remove it. Using excess force to remove the disc may result in damage.

Place the disc as shown, gently pressing downwards until it clicks into place. Storing the disc incorrectly may result in damage.

HEALTH WARNING

Always play in a well lit environment. Take regular breaks, 15 minutes every hour. Avoid playing when tired or suffering from lack of sleep. Some individuals are sensitive to flashing or flickering lights or geometric shapes and patterns, may have an undetected epileptic condition and may experience epileptic seizures when watching television or playing videogames. Consult your doctor before playing videogames if you have an epileptic condition and immediately should you experience any of the following symptoms whilst playing: dizziness, altered vision, muscle twitching, other involuntary movement, loss of awareness, confusion and/or convulsions.

PIRACY

The PSP® system and this disc contain technical protection mechanisms designed to prevent the unauthorised reproduction of the copyright works present on the disc. The unauthorised use of registered trademarks or the unauthorised reproduction of copyright works by circumventing these mechanisms or otherwise is prohibited by law.

If you have any information about pirate product or methods used to circumvent our technical protection measures please email anti-piracy@eu.playstation.com or call your local Customer Service number given at the back of this manual.

PAN EUROPEAN GAMES INFORMATION (PEGI) AGE-RATING SYSTEM

The PEGI age-rating system protects minors from games unsuitable for their particular age group. PLEASE NOTE: it is not a guide to gaming difficulty.

Comprising two parts, PEGI allows parents and those purchasing games for children to make an informed choice appropriate to the age of the intended player. The first part is an age rating:-

The second is icons indicating the type of content in the game. Depending on the game, there may be a number of such icons. The age-rating of the game reflects the intensity of this content. The icons are:-

VIOLENCE

BAD LANGUAGE

FEAR

SEXUAL CONTENT

DRUGS

DISCRIMINATION

SYSTEM SOFTWARE UPDATES

This PSP® (PlayStation®Portable) Game includes System Software update data for the PSP® system. An update will be required if an "update request" message is displayed on-screen at game start-up.

Performing a System Software update

The update data is displayed with the icon shown here on the Home Menu.

By following the on-screen instructions, you can update the System Software of the PSP® system. Before performing the update, check the version number of the update data.

- During an update, do not remove the AC Adaptor.
- During an update, do not turn off the power or remove the PSP®Game.
- Do not cancel the update before completion as this may cause damage to the PSP® system.

Checking that the update was successful

Select "Settings" from the Home Menu, and then select the "System Settings" option. Select "System Information" and if the "System Software" version number displayed on-screen matches the version number of the update data, then the update was successful.

For details on System Software updates for the PSP® system, refer to the following website: yourpsp.com

PARENTAL CONTROL

This PSP®Game software has a preset Parental Control Level based on its content. You can set the Parental Control Level on the PSP® system to restrict the playback of a PSP®Game with a Parental Control Level that is higher than the level set on the PSP® system. For more information, please refer to the PSP® system Instruction Manual.

This game is classified according to the PEGI rating system. The PEGI rating marks and content descriptors are displayed on the game package (except where, by law, another rating system applies). The relationship between the PEGI rating system and the Parental Control Level is as follows:

PARENTAL CONTROL LEVEL	PEGI RATING AGE GROUP
9	18+
7	16+
5	12+
3	7+
2	3+

STARTING THE GAME

RIGHT SIDE VIEW

TOP VIEW

1. Set up your PSP® (PlayStation®Portable) according to the instructions in the PSP® system Instruction Manual.
2. Turn the PSP® system on. The POWER indicator lights up in green and the Home Menu is displayed.
3. Press the OPEN latch to open the disc cover. Insert the *Tiger Woods PGA TOUR® 08* disc with the label facing the rear of the PSP® system and then securely close the disc cover.
4. From the Home Menu, select the  icon and then the  icon. A thumbnail for the software is displayed. Select the thumbnail and press the  button to start the software.
5. Follow the on-screen instructions and refer to this manual for information on using the software.

Note: Do not eject a PSP®Game disc while it is playing.

MEMORY STICK DUO™

Warning! Keep the Memory Stick Duo™ out of reach of small children, as the Memory Stick Duo™ could be swallowed by accident.

Warning! Do not push the POWER/HOLD Switch whilst data is being uploaded from the PSP®Game disc as this may cause data corruption.

This title uses an autoload feature on boot up where any data present on the Memory Stick Duo™ will be autoloaded.

To save game settings and progress, insert a Memory Stick Duo™ into the Memory Stick Duo™ slot of your system. You can load saved game data from the same Memory Stick Duo™ or any Memory Stick Duo™ containing previously saved games.

Note: Make sure there is enough free space on your Memory Stick Duo™ before commencing play.

Note: This title uses an autosave feature. Insertion of a Memory Stick Duo™ after boot up may result in data being overwritten.

Note: This title auto-loads previously saved data on bootup. Please do not remove the Memory Stick Duo™ during the loading sequences, signified by a grey overlay displayed on-screen.

PSP® SYSTEM

WIRELESS (WLAN) FEATURES

Software titles that support Wireless (WLAN) functionality allow the user to communicate with other PSP® systems, download data and compete against other users via connection to a Wireless Local Area Network (WLAN).

AD HOC MODE

Ad Hoc Mode is a Wireless (WLAN) feature that allows two or more individual PSP® systems to communicate directly with each other.

GAME SHARING

Some software titles feature Game Sharing facilities which enable the user to share specific game features with other users who do not have a PSP®Game in their PSP® system.

INFRASTRUCTURE MODE

Infrastructure Mode is a Wireless (WLAN) feature that allows the PSP® system to link to a network via a Wireless (WLAN) Access Point (a device used to connect to a Wireless network). In order to access Infrastructure Mode features, several additional items are required, including a subscription to an Internet Service Provider, a network device (e.g. a Wireless ADSL Router), a Wireless (WLAN) Access Point and a PC. For further information and setting up details, please refer to the PSP® system Instruction Manual.

COMPLETE CONTROLS

Make sure you check out the tutorial in Quick Play mode prior to playing a round in order to get the hang of the swing controls.

PRE-SWING

Toggle through your clubs	L button
Club up/down	L button (press and hold + ↑/↓ button)
Power Boost (rapidly tap during your backswing)	R button
Press to cycle through the camera angles/Raise the camera	X button (press and hold)
Zoom to targeted landing spot	O button (press and hold)
Reset targeting marker	△ button
Change shot type/Call Fly-by when in Pocket Caddy	□ button
Pause menu	START button
Pocket Caddy	SELECT button
Move targeting mark	←/→/↑/↓ buttons

Note: The Pocket Caddy provides you with key information that can help you make decisions before every shot.

SWING

Pull straight back on the Analog stick to begin your backswing – the closer you get to the peak of your backswing, the closer your swing will be to 100 percent power.

Push straight forward to begin your downswing.

Note: Make sure you shorten your backswing if the club's potential power is more than the distance of the shot. For example, if your pitching wedge can hit the ball 90 yards, but the pin is only 45 yards away, only use half of your backswing.

Pull back diagonally and press up in an opposite straight line to draw or fade the shot. Press the **R** button for a power boost – the more times you press during your backswing, the bigger your power boost.

MASTERING SHOT POWER

Many factors affect the power you put into your swing. Rough, sand traps, slope and elevation are just a few of the things that can affect how far your ball actually travels.

In many cases you need to increase your shot power or even use a different club to get the ball to travel the distance you want. There are also situations where you need to decrease your power or use a different club to avoid overshooting your target – like when you’re putting downhill or shooting an approach shot at a lower-elevation green. Adjusting your power and club selection to your circumstances is key to consistently hitting great shots.

DETERMINING YOUR SHOT/SHOT SELECTION

Press the  button to toggle through the different shot types – full, chip, pitch, flop, draw, fade and putt – depending on where your ball lies, then choose your shot type based on each situation. The default club selection may not always be your best choice.

Full	Set up a full swing with the selected club.
Punch	Produce a low-trajectory shot to minimise the effects of wind or to shoot from under tree cover.
Pitch	Places the ball on the green with minimal roll.
Flop	The flop shot has a higher trajectory and less roll. Use it to fly over obstacles or to stick the ball on the green.
Chip	A useful shot when you are too far away for the putter.
Putt	When on the green or fringe, use your most accurate club – the putter – to putt the ball in the cup.

SWING PATH METER

View your swing accuracy with the all-new Swing Path Meter, which shows the angle of your swing when it makes contact with the ball as well as the resulting shot (straight, push, pull, cut, fade or draw). Use it to fine-tune your swing and avoid any common mistakes.

CONTROL THE BALL IN-FLIGHT

Once the ball takes flight you have the option to add ball spin, watch the shot in slow motion, fast forward the shot or take a mulligan before the ball hits the ground (if available).

R button - Tap rapidly while moving the Analog stick in the direction you want to put spin on the ball. The more times you press the **R** button, the more spin you’ll achieve.

Watch the shot in slow motion	 (press and hold)
Fast forward the shot	 (press and hold)
Mulligan (if turned ON for Quick Play mode)	

PUTTING CONTROLS

Drive for show and putt for dough. It can't be summed up any better than that.

READING THE PUTTING GRID

A collared grid overlays the green when you're putting. The grid is green where it is relatively level, red where it slopes upward relative to the player and blue where it slopes down. Use that information to determine how firm (or soft) to putt the ball. The moving beads on the grid indicate the direction of the slope – the faster the beads the steeper the slope.

Change putting distance	 button
Power boost (tap during backswing)	 button
Ideal Putt Camera (see below)	
Overhead Camera: view the putt from above the green	 (press and hold)
Reset targeting mark	
Reverse Camera: view the putt from behind the hole	 (press and hold)
Skip a putt (Putting Frenzy only)	SELECT button
Move targeting mark	 /  /  /  buttons

IDEAL PUTT CAMERA

Press the  button and the camera moves along the optimal line for the putt.

Look to the Putting Tips in the bottom left corner. This will let you know which direction to adjust your aim. Make adjustments by pressing the /// buttons and keep checking the Ideal Putt Camera until the Putting Tips say "Close to Target."

The Ideal Putt Camera shows you how much power to put into your putt. The colour of the ideal line corresponds to the colours on the Swing Meter. Sink putts by reading the speed, break and position of the hole on the green and utilising the Ideal Putt Camera.

Note: The Ideal Putt Camera is not always available. When it is available, the message " Ideal Putt Cam Available" appears on-screen.

Note: At times, your putter's maximum distance comes up just short of the hole while your other putter's maximum distance overshoots the hole. If you are in between putters, go with the shorter of the two putters and apply extra power with a power boost (by rapidly pressing the  button, similar to a drive off the tee or fairway shot).

DETERMINING PUTTING POWER

Like the swing control, maximum putting power is determined by the distance you move the Analog stick towards you. For example, if the hole is five feet away and your putter is rated at 10 feet, only use half of your backswing. The Power Meter shows you how far you've gone with your backswing.

SETTING UP THE GAME

User Profiles

Before heading out to the links, make sure you create a User Profile to help keep track of your personal stats and accomplishments. An active User Profile saves career achievements, statistics, created golfers and more to your Memory Stick Duo™.

EA SPORTS™ Game Face

When setting up a User Profile you have the option to create and personalise your own golfer with EA SPORTS™ Game Face. You can dive deep into the customisation feature with Create My Gameface or Create a Quick Gameface. The Quick Gameface feature enables you to quickly select a random body shape and set of clothes for your character. You can return to the EA SPORTS™ Game Face and update your golfer at any time.

PLAYING THE GAME

QUICK PLAY

In Quick Play mode, you can play the tutorial or skip ahead and play a round of golf with your created golfer, with or without opponents. You don't have to use a profile in Quick Play mode, in which case you just play as Tiger Woods or any of the other pro golfers.

Stroke Play The most basic round of golf, every stroke counts and the player with the lowest total at the end of the round wins. Compete against unlocked CPU players for cash prizes.

Skins Every hole has a monetary value and the player who wins the hole takes the cash. In the event of a tie, the money carries over to the next hole, sweetening the pot.

Match Play Go head-to-head with your opponent on every hole in Match Play. The player who wins the most holes during the round wins the match.

Stableford Based on a system that awards points according to the score at each hole (eagles, birdies and pars), your final score is the sum of the points earned over the course of a round.

After selecting the type of game in Quick Play, select the course, whether you want to play on your own or against the CPU and then choose which holes you want to play on the course. You can pick ALL 18, FRONT 9, BACK 9, RANDOM 3 or CUSTOM HOLES.

Press the ☐ button to customise your options such as difficulty level and greens speed or press the ☐ button to choose the golfers for the match.

Risk Meter

Confidence Meter

NEW PLAYER CONFIDENCE

The all-new Shot Confidence feature uses factors from your previous rounds – including club selection, hole, recent history and more – to determine your confidence heading into each shot. In each of the game modes, you can judge the effect that your level of play and current form is having on your player by the reading the Confidence Shot Meter. After each shot – whether it's a drive from the tee, an iron shot from the fairway or a putt on the green – your Confidence Shot Meter goes up or down by percentage points depending on the quality of the shot. A really impressive shot earns a huge confidence boost and leaves your player jumping for joy!

MENTAL GAMES

Manage your emotions (Pressure, Frustration and Distraction) while on the course. Playing a few bad shots, putting for the tournament win, allowing Tiger Woods to catch up to your position and other events such as these can affect your emotions. Regain your composure and stay focused by playing one of the new confidence-building Mental Games. If you perform well in a Mental Game, you'll receive a confidence bonus.

PLAYING THE MENTAL GAMES

Your caddy suggests a timeout when you're in the middle of a tough situation to give you a chance to regain some confidence. The games range from Control Heart Rate and Clean Your Shoe to Spot Your Fans, Sign Autographs and more. Each game requires some action to achieve an objective such as cleaning your shoe as fast as possible. Achieving a new high score in the game unlocks the games in the Main menu for you to play at any time.

SAVING AND LOADING

Note: When copying save data from one Memory Stick Duo™ to another the save will be placed into the corresponding slot on the new Memory Stick Duo™ and will overwrite data that is in that slot.

Save your progress to a Memory Stick Duo™ using your created User Profile. *Tiger Woods PGA TOUR 08* uses an Autosave feature to save game data, and an Autoload feature to load game data. After a round is completed or when settings have been changed, your progress is automatically saved to your User Profile.

SAVE AND QUIT

You can save your progress in-game via the Save and Quit option in the Pause menu. If you shut down then return to your game at a later time, you are given the option to pick up where you left off.

GAME MODES

PGA TOUR® CAREER

Set off on your professional career with the PGA TOUR® Career mode. Enter the TOUR as a rookie and build your reputation by making the cut in each competition and finishing high on the leaderboard. Your goal is to earn as much prize money as possible, take on Tiger Woods in a head-to-head battle for the accolade of the world's best golfer and eventually succeed in capturing the FedExCup.

Before turning pro, you must first select a User Profile and create a unique golfer if you haven't already done so.

CALENDAR

All the key dates you need to know are marked on your calendar – from necessary practise sessions to key challenges and tournaments. The list of events in the PGA TOUR™ Career mode are a mixture of real page events from the 2008 PGA TOUR™ and fictional events, such as the Classic Invitational and each follows the PGA TOUR™ format – one to four rounds are played at each course, with some tournaments including a cut of rounds eliminating the weakest players. The cut and purse rules used for each round are determined by the course difficulty and weather conditions.

FEDEXCUP

A season-long points system ranks the golfers and the top 30 at season's end are eligible to play in four playoff tournaments in September. The player with the most playoff points after the fourth tournament, The TOUR Championship®, will be awarded the FedExCup and a large cash bonus.

To stay in the top 30, you have to earn FedExCup Points, which are awarded after each tournament along with prestige points – used to determine your popularity on TOUR – and cash prizes. The higher you place, the more you win and, as long as you make the cut, you receive points and cash for your efforts.

As you start performing well in tournaments and mid-week challenges, you may impress a sponsor or get highlighted in a local paper. Play well enough to move up the TOUR ranks and you just might see yourself on the cover of ESPN Magazine.

Pro Shop

Head into the Pro Shop to upgrade everything from your attributes to your apparel and equipment by pressing the  button. Apply your MySkills points after each round (see below).

Journal

Press the  button to access your Journal, which tracks your FedExCup Points, wins, trophies, milestones and events you haven't played yet. View the timeline after each season to see how your career is progressing and to ensure you are on target.

Scrapbook

Now you can save and share your best moments on the golf course. Save your top shots to your Memory Stick Duo™ and view the images later in the system software. You can also upload them to a computer and trade your scrapbook photos with friends.

Your TOUR Card

Your TOUR Card, which contains your photo, name and earnings, appears at the top left corner of the screen. Under that is your prestige level, which starts at zero and goes up to five stars.

MY SKILLS

When you start off with your newly created player, you have a base amount of points that you can allocate to improve certain skills. You can allocate all of your points to one skill, for example putting, or spread them amongst a couple of different skills. As you progress through your career, you gain points for playing well in competitions which can then be applied to My Skills.

If you have been hitting the ball very accurately during a round or a skills challenge, you will receive a number of accuracy bonus points. After the round, go to My Skills in the Pro Shop and apply the points. If the number of points left in your skills is not enough to apply to any of the next levels, they remain as general skills points to be used after your next round.

MINI-GAMES

Select from a range of mini-games such as Putting Frenzy to win bonus points and extra money to use on equipment and tournament entry.

PUTTING FRENZY

Are you a putting maestro or a short game wiz? Race against the clock to sink as many putts as possible before time runs out. Putts are scored based on their distance from the hole. In single player, you win by beating the target score before the clock hits zero.

SHOOTING GALLERY

Test your skills with the irons in the Shooting Gallery mini-game. Earn as many points as possible by hitting the targets with your ball. Each level is progressively more difficult as the targets become less straightforward. Progress through the game by reaching the target score in each level. After you have reached the target score, everything after that is a bonus, often earning you extra time and huge points.

MENTAL GAMES

When stuck in a rut or caught in tough situations, your caddy will suggest a Mental Game to help regain your composure and stay focused. They're easy to pick up, hard to put down. Achieve a new high score and unlock each Mental Game in the Main menu.

MULTIPLAYER MODE

REGISTRATION REQUIRED TO ACCESS ONLINE FEATURES. TERMS & CONDITIONS AND FEATURE UPDATES ARE FOUND AT www.ea.com. YOU MUST BE 13+ TO REGISTER ONLINE.

EA MAY RETIRE ONLINE FEATURES AFTER 30 DAYS NOTICE POSTED ON www.ea.com OR 30 DAYS AFTER THE LAST DAY OF THE 2007 SEASON.

PLAYING THROUGH A FIREWALL OR ROUTER

This game uses the following network ports for playing online. If you are running a Firewall, ensure it is set to allow the game to communicate on these ports both inbound and outbound:

UDP 3658 (Peer to Peer gameplay)

UDP port range of 9555-9570
(Ticker)

TCP 80 (HTTP)

TCP 13505 (EA Messenger)

TCP 443 (HTTPS)

TCP port range of 20200-20299
(for server communication)

To play an online game from behind a Router using NAT (Network Address Translation), you may need to enable Port Forwarding by routing all data on ports **UDP 3658** to the IP address of your PSP® system. Alternatively, you can put your Router into a DMZ - please consult your Router help files for details on how to do this.

For more information on Firewalls, Port Forwarding and DMZs, please visit our online Support Centre at <http://support.electronicarts.co.uk>

MULTIPLAYER MODES

In Multiplayer mode, you can view your record versus other opponents, select your game type and even wager cash you've earned.

Note: Bets are made in \$500 increments. If you win a game and your opponent does not have enough cash to cover the wager, you will only receive what's left of your opponent's money.

There are five types of traditional matches to play: Stroke Play, Skins, Match Play, as well as Bingo Bango Bongo and the Shooting Gallery.

Bingo Bango Bongo

The player with the highest money total wins by achieving Bingo (longest fairway drive), Bango (first on the green) and Bongo (first in the hole). Players repeat each hole three times (up to six holes). The winner of the hole either removes a club from his opponent's bag or retrieves a club taken earlier by their opponent. The Ideal Putt Camera is not available in Bingo Bango Bongo.

Shooting Gallery

Earn as many points as possible by hitting the targets with your ball while racing against the clock and your opponent. Watch out for the Point Stealer targets! Hitting these will give some of your points to your opponent. Choose from five different levels.

MY PROFILE

Create a golfer, keep track of all his accomplishments and build the dream course you've always wanted to play.

EDIT GAME FACE

Customise every detail of your character and set him or her up with the top clothing and gear available. Use cash to add more gear, clubs and abilities to your golfer.

PRO SHOP

Use cash earned in Quick Play, PGA TOUR™ Career mode or Multiplayer to upgrade your golfer by accessing any of the following menus: My Skills, In the Bag, Apparel, Accessories, Clubs and Equipment.

MY RESUME

View your accomplishments including your golfer's statistics, Ad Hoc results and the trophies you've won.

MY DREAM 18

Choose your favourite holes from the courses to build your ultimate round of 18. Once your Dream 18 is built, you can challenge other players to a Dream 18 match in Quick Play or Multiplayer modes.

OPTIONS

Make the game your own by setting up and saving your customised options.

EA™ MEDIA CENTER

Play your own songs and customise your playlist by putting .mp3 tracks in the Music folder on your Memory Stick Duo. They will appear in the EA™ TRAX section of the EA Media Center menu. You can also watch exclusive videos through the VIDEO selection.

- Press the $\times$ button to accept selection or to select/de-select an option within the EA TRAX playlist menu.
- Press the $\leftarrow/\rightarrow$ buttons to scroll through playlist options or press the $\uparrow/\downarrow$ buttons to scroll through music tracks within the EA TRAX playlist menu.
- Press the $\triangle$ button to back out of any menu within the EA Media Center.

Note: The EA Media Center does not automatically update new content when inserting or changing a Memory Stick Duo. You must exit and re-enter EA Media Center before your songs appear.
